BEFORE MOBILITY

1. First, select the university where you intend to study from our list - <http://erasmus.san.edu.pl/partner-universities>.

Check if the university offers subjects that correspond with your field of study or discuss it with our Erasmus + employee. If you have doubts about your choice, you can always write to us an email and we will help you - erasmus@san.edu.pl

2. Find out how to organize studies abroad, so you don't lose anything at the sending institution (SAN) - go to the website of the receiving institution you want to go to, and collect information on the conditions of studying, subjects, academic calendar and possible accommodation.

3. You will be informed about your enrolment to the Erasmus + program by e-mail from the Erasmus + office of Społeczna Akademia Nauk (SAN) when your official nomination to the receiving institution has been sent. After a successful nomination, you will receive an email from the receiving institution which you need to read in detail and follow.

Do not exceed any deadlines for sending the necessary documents!

4. Make sure that the Erasmus + office employee sends information about your eligibility for the Erasmus+ programme to the dean's office

5. Download the list of subjects from the receiving institution, and the list of subjects from the sending university planned for the semester of your departure. You can get it from the dean's office. Send both of these lists to the dean responsible for your major since you need to consult him on what subjects you should study abroad. If you need help with this, you can also write to us at erasmus@san.edu.pl

6. After the dean's approval and the selection of appropriate subjects, with the help of our Erasmus + office, you must create your ONLINE LEARNING AGREEMENT (OLA), which is an agreement containing your date of departure for your Erasmus+ stay, and subjects that you will be completing at a receiving institution. Make sure to select the subjects that most closely correspond to the subjects from your sending university (SAN).

* If there are any subjects at the sending university that could not find an equivalent at the receiving institution abroad, but they must be passed - contact the lecturers from these subjects and discuss the conditions for passing them.

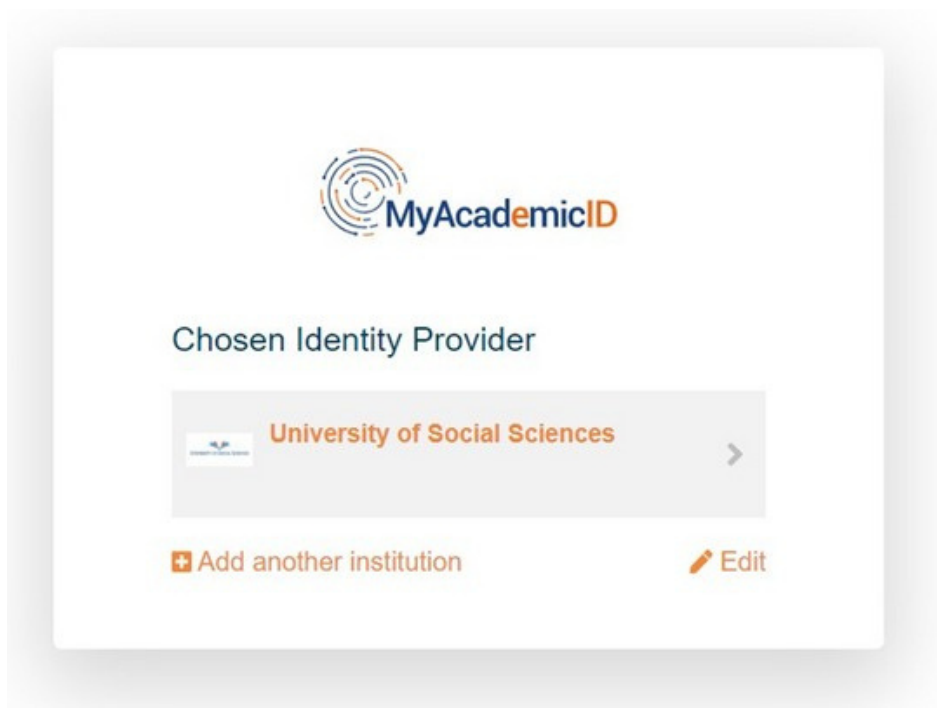

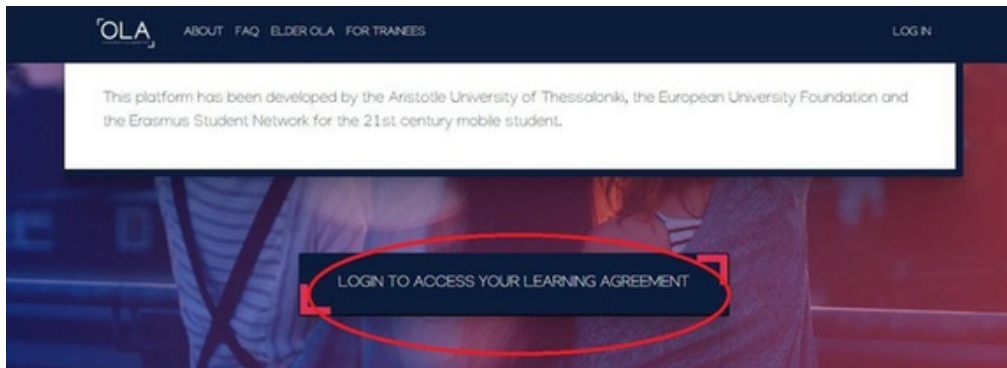

7. Before you create an OLA, please set up a Google account first since it is needed.

*If you don't want to set up a Google account, please contact us since the procedure of uploading OLA is different then.

To create an OLA, go to the website - <https://www.learning-agreement.eu/>

Click on "Login to Access Your Learning Agreement", log in with EDUGAIN, and follow the instructions. Fill in all required fields and be sure to include the correct dates and contact addresses.
